VIERGE ORGANIC

104

Experience a delightful new wave of exquisite Organic Clothing crafted to the highest specifications and certified by the Skal International standards for sustainable textile production.

Made from 100% pure organically grown cotton utilizing azo-free dyes, the new "Vierge" range of organic wear is all set to spark your senses.

Available in a wide range of styles, exciting colours and sizes; Vierge offers a complete choice of stylish and trendy imprintable garments suitable for all segments of corporate, leisure and promotional wear.

100% Skal Certified Organic Cotton Range features:

GM Free

Control Union Certified (Global Organic Textile Standard)

Oeko-Tex 100 Certified for Dyeing using Azo free dyes

Ethically Produced

Environmentally Friendly

Bio-Degradeable Packaging (100% recyclable Polybag & Carton)

Transparent Supply Chain

The incentives are manifold. But simply put, by purchasing garments made from Organic Cotton, you support a whirlwind of benefits which reaches everyone.

With no pesticides, herbicides or toxic fumigants involved in the production, the environment is protected & the farmer relishes a dollop of good health, progressive business & happiness.

When you buy a Certified Organic garment, you bolster & protect a farmer's livelihood by ensuring he/she does not get caught in the dastardly web of financial debts by avoiding the purchase of pesticides & defoliants. The farmer's land is protected, it retains its natural properties & the farmer reaps its goodness by structuring a tidy patch of his farmland for home grown vegetables & fruits.

A small decision, boundless returns.

Revitalise your business with our exquisite Online Bespoke Service

Differentiation is what makes your brand memorable. This year, we've introduced a splendid bespoke online service to meet individual styling & design requirements. From the most intricate trim detailing to simplistic designs; we're passionate about getting it right.

Simply log on to our website (Ask for details) and let your creative juices take stride. From infinite design options available in Poloshirts, Sweatshirts, Fleece Jackets, Tracksuits, Rugby Shirts and T-Shirts as well as an option of uploading your own design; you can virtually create any design you fancy with minimum quantities ranging from as little as 50 pcs per style/colour. Read on.

**DESIGN YOUR OWN
BESPOKE CLOTHING**

BESPOKE CLOTHING

HERE'S HOW IT WORKS IN 3 SIMPLE STEPS:

1. DESIGN

1. Log on to our website (Ask for details)
2. Choose your base garment out of the six options available: Poloshirts, Sweatshirts, Fleece Jackets, Tracksuits, Rugby Shirts & T-Shirts.
3. Get creative and design your opus. Choose a design from the options available, pick a shade from a wide palette of colours. Change the fabric, sleeves, tipping on collar, add pockets or cuffs, amend whatever you like.
4. As you switch between options, a price and minimum quantity will automatically be indicated on your screen.

2: EMBROIDERY/PRINT

Once you are happy with the final design, you can move on to the next step of adding an embroidery or print to your garment. (Note: You can upload the files to see how the design looks visually if the file is in a GIF or JPEG format ; during production of the order the files will have to be provided in the correct format ie. DST format for embroidery and EPS

3: PLACE YOUR ORDER

At this final stage, you can confirm all the details, leave special instructions on packaging /labelling and finally place your order. You will receive an order number for your reference.

BESPOKE CLOTHING CONTINUED...

FACILITIES

Our factories overseas have a vertical manufacturing operation producing high quality fabrics and garments. We produce garments in viscose, cotton, polyester & acrylic in different weights and constructions. We also have in-house facilities at our factories for direct, reactive and jet dyeing, brushing, soft setting & compaction facilities.

EMBROIDERY & PRINTING

We provide embroidery & printing services (for special orders only) carried out overseas at our factories, utilizing the latest techniques & equipment. For further details give us a call.

MINIMUM QUANTITIES

BESPOKE MINIMUM QUANTITY PER ORDER:

Varies from 50 to 1000 pcs per order. Please enquire for details or refer to the Bespoke section on our website.

BESPOKE MINIMUM QUANTITY PER COLOUR:

Varies from 50 to 1000 pcs per order. Please enquire for details or refer to the Bespoke section on our website.

For Bespoke Minimum Quantities of T Shirts, Formal Shirts and other items, please call for details.

LEAD TIMES*

We specialise in knits, microfleece, wovens & jerseys, available in different compositions for your exact requirements. We also manufacture fabrics like single jersey, interlock, three end fleece, single & double pique, single jersey with 6% Lycra. To ensure all details are clear, sampling if required; is carried out on receipt of complete information pertaining to shade references, specifications, embroidery files, work sheets & art work.

PAYMENTS

*Delivery times are for guidance only & subject to/dependent on information provided, complexities & work involved.

We will not be responsible for delays caused by amendments made by the customer and/or delays caused by Shipping Lines and Air Lines.

CARING FOR YOUR UNEEK GARMENT

WASHING

Before washing, always look at the care label and carefully follow the instructions. Most good quality detergents, washing machines and fabrics are manufactured to ensure that when the stated instructions are adhered to and the garment is washed according to the said temperature and dried as per the procedures mentioned; they will wash well and look good after each wash.

The following points should be used as guidelines for all garments:

- Before washing, close all zips, undo buttons, check pockets for loose or sharp objects, flatten out collars and cuffs.
- Always refer to the Label before Washing.
- Always check to ensure the Washing Machine is not overloaded
- Use a good quality detergent and ensure that the right amount of detergent is used.

PRINTING

Owing to the numerous processes and techniques used for printing on garments, we strongly recommend that a single garment is printed on, then washed and tested to ensure it meets your requirements before bulk printing. Care should be taken to ensure the right kind of pigments/printing dyes are used while printing and the optimum temperature/heat levels are not exceeded. Violation of standards and procedures will result in the garment losing its feel/lustre as well as weakening of the fabric and overall garment performance.

60 Degree Wash:
Spin Cotton Cycle

60 Degree Wash:
Spin Synthetic Cycle

40 Degree Wash:
Spin Cotton Cycle

40 Degree Wash:

PROBLEMS?

GARMENT SHRINKAGE

Excessive Shrinkage is primarily due to factors such as heat and major agitation during the wash cycle. Always wash as per instructions stated on the care label.

FADING DUE TO SUNLIGHT

The effects of fading due to Sunlight are both harmful & irreversible. Constant and prolonged exposure to sunlight should be reduced as far as possible.

PILLING & BOBBLING

Abrasion and lack of care/timely washing of the garment leads to fibre balls appearing on the surface of the fabric. Remove by mild surface brushing.

TRIMS/ACCESSORIES BREAKING OFF

Trims & accessories like zippers, toggles, pocket lining and elastic cords are constructed for normal usage. Extensive abuse of the garment involving sharp objects, work areas with machinery and even the odd outburst of brute force results in the garment being damaged. Precaution & Care should be taken at all times.

COLOUR STAINING

Wash similar coloured garments together. Do not leave damp garments together for any length of time.
